

We want to know  
how you feel

You are here  
because there  
are people who  
are worried  
about you.

The doctor will  
talk to you. And  
the doctor will  
look at whether  
you are healthy.

We want to know how you are feeling. We will talk about fun and not-so-fun things. About when you are happy and when you are sad.

We look at how we can help you and your family. We make a plan.

Life should be fun for you again.  
And enjoyable. And safe.
